

HOME FOR ME

© D.Higgins, L. Minson 2014

He's headed west on a plane, only an hour to go
Touchdown, short trip, cruising down an old back road
A waitress asked where you headed my friend
With a lazy grin he smiled and said

Chorus:

Red white and blue are the colours I'll bleed
The ones I wear are green and gold
This dry land is stained on my heart
It's Home For Me, forever I'll be

Free was the way that I was raised
You're awake at dawn make the most of the day
The folks like country music on the radio
Singin' those old songs round a campfire glow

Chorus:

Red white and blue and the colours I'll bleed
The ones I wear are green and gold
This dry land is stained on my heart
It's Home For Me, forever I'll be

No bronze statue in a hall of fame
When I go I'll leave as I came
Just mark on the stone where I lie
For a man whose home is where he died

Chorus:

Red white and blue are the colours I'll bleed
The ones I wear are green and gold
This dry land is stained on my heart
It's Home For Me, forever I'll be
Home For Me, forever I'll be
